Mayfield Office Locations

1. Mayfield Brain & Spine
   3825 Edwards Road, Suite 300
   Cincinnati, OH 45209
2. Mayfield Spine Surgery Center
   4020 Smith Road
   Norwood, OH 45209
3. Mayfield Brain & Spine
   9075 Centre Pointe Drive, Suite 200
   West Chester, OH 45069
4. Thomas More Office Park, Bldg. 12
   350 Thomas More Parkway, Suite 160
   Crestview Hills, KY 41017
5. Mayfield Brain & Spine
   6130 Harrison Avenue
   Cincinnati, OH 45247

Ohio Physicians

Neurosurgery

Arthur G. Arand, MD
• Office – West Chester
• Areas of expertise – spine surgery, including kyphoplasty, minimally invasive discectomy, spinal fusion and disc replacement; sacroiliac joint fusion; spinal cord tumors; image-guided neurosurgery; hydrocephalus, carpal tunnel syndrome and ulnar neuropathy

Robert J. Bohinski, MD, PhD
• Office – Norwood
• Areas of expertise – minimally invasive spine surgery, discotomy, decompression, spinal fusion, and artificial disc replacement; spine deformity surgery, including kyphosis and scoliosis; tumors of the brain, spine and pituitary gland, Chiari malformation

Bradford A. Curt, MD
• Office – West Chester
• Areas of expertise – minimally invasive spine surgery, including spinal fusion, decompression and discectomy; spine surgery for deformity correction in adults; image-guided neurosurgery

Vincent A. DiNapoli, MD, PhD
• Office – Norwood
• Areas of expertise – open neurosurgery and endoscopic skull base surgery for pituitary tumors, metastatic brain tumors, and carotid artery disease; minimally invasive spine surgery, including discectomy, decompression and fusion

Yair M. Gozal, MD, PhD
• Office – Norwood
• Areas of expertise – pituitary tumors, brain tumors, acoustic neuromas, meningiomas, trigeminal neuralgia, cerebral aneurysms; open and endoscopic skull base surgery, complex cranial surgery, stereotactic radiosurgery; minimally invasive spine surgery, including discectomy, decompression, and fusion

Randall J. Hlubek, MD
• Office – Norwood
• Areas of expertise – scoliosis and spinal deformity, complex spine surgery, minimally invasive spine surgery, revision spine surgery, spine tumor, spinal cord tumor, spinal trauma, cervical spine surgery, thoracic spine surgery, lumbar spine surgery

Lincoln J. Jiménez, MD, MBA
• Office – Norwood
• Areas of expertise – vascular neurosurgery, including open and endovascular approaches, for aneurysm, ischemic stroke, vascular malformations, arteriovenous malformations (AVM); spine surgery, including spinal fusion; trigeminal neuralgia, Chiari malformation, brain hemmorhages, brain tumors, spine tumors, osteoarthritides of the spine

Michael C. Kachmann, MD
• Office – Norwood
• Areas of expertise – spinal deformity surgery, minimally invasive spine surgery, cervical disectomy, thoracic disectomy, lumbar disectomy, spinal decompression, spinal fusion, minimally invasive outpatient spinal fusion, spinal oncology, spinal cord tumors, carpal tunnel and ulnar nerve decompression, spinal trauma

George T. Mandybur, MD
• Offices – Norwood,
• Areas of expertise – deep brain stimulation (DBS) for Parkinson's disease, essential tremor, dystonia, and other movement disorders; brain tumors, spine tumors; minimally invasive spine surgery, including discectomy and decompression; spinal cord stimulation and intrathecal pain pumps; trigeminal neuralgia and other facial pain; epilepsy; Gamma Knife radiosurgery

Christopher M. McPherson, MD
• Offices – Western Hills
• Areas of expertise – brain tumor surgery, including awake surgery and surgery for eloquent brain region tumors; minimally invasive spine surgery, cervical disectomy, cervical artificial disc replacement, thoracic disectomy, lumbar disectomy, spinal decompression, spinal fusion, minimally invasive outpatient spinal fusion, spinal oncology, spinal cord tumors, kyphoplasty

Physicians at-a-Glance

To make an appointment, call 513-221-1100 or 800-325-7787. Regular business hours are 9:00 am to 5:00 pm, Monday through Friday.
Consulting Neurosurgery

Andrew J. Ringer, MD
• Office – Norwood
• Areas of expertise – endovascular coiling and surgical clipping of aneurysms; embolization of tumors and vascular malformations; angioplasty and stenting for intracranial artery stenosis and stroke; arteriovenous malformation embolization and surgery; carotid stenting and endarterectomy; kyphoplasty for spinal fractures; Chiari malformations

Zachary J. Tempel, MD
• Office – Western Hills, Norwood
• Areas of expertise – spinal disorders, spine tumors, complex spinal disorders, including scoliosis and adult spinal deformity; minimally invasive techniques, spine revision surgery; clinical spine research; traumatic brain injury, concussion

William D. Tobler, MD
• Office – Norwood
• Areas of expertise – minimally invasive spine surgery, including discectomy, spinal fusion, decompression, artificial disc replacement, and outpatient minimally invasive lumbar spine fusion; minimally invasive deformity correction; tumors of the brain and spine; stereotactic and image-guided neurosurgery; endoscopic pituitary surgery; Chiari malformations

Ronald E. Warnick, MD
• Offices – Norwood, West Chester
• Areas of expertise – brain tumors, brain lesions, trigeminal neuralgia, image-guided neurosurgery, image-guided radiation therapy, stereotactic radiosurgery, Gamma Knife radiosurgery

Consulting Neurosurgery

Thomas S. Berger, MD
• Offices – Norwood, Western Hills
• Areas of expertise – neurosurgery consultation

A. Lee Greiner, MD
• Office – Norwood
• Area of expertise – neurosurgery consultation

Wyatt E. Lattimer, MD
• Office – Norwood
• Areas of expertise – neurosurgery consultation

Kentucky Physicians

Neurosurgery

Donald P. Carruthers, MD
• Offices – Norwood, Crestview Hills
• Areas of expertise – spine surgery, including spinal fusion, decompression, and discectomy; surgical management of pain, including spinal cord and nerve stimulation, and intrathecal pain pumps; surgical management of facial pain and trigeminal neuralgia; image-guided neurosurgery; intracranial surgery for brain tumors and Chiari malformations

Matthew M. Merz, MD
• Areas of expertise – nonsurgical management of acute and chronic pain due to spine and joint disorders; performing trigger point injections, large joint injections, and electromyograms

Marc P. Orlando, MD
• Offices – Norwood, Crestview Hills
• Areas of expertise – interventional spinal treatments/therapies, such as transforaminal epidural steroid injections, facet injections, nerve blocks, radiofrequency ablation, spinal cord stimulation; treatment of low back pain, complex regional pain syndrome (CRPS), sacroiliac joint pain, herniated disc, spinal stenosis

Robert Whitten, Jr., MD
• Office – Norwood
• Phone – 513-569-5280, Fax – 513-684-4501
• Areas of expertise – electrodiagnostics, including electromyography (EMG) and nerve conduction velocity (NCV) tests; nonsurgical management of spine and musculoskeletal problems

Steven C. Bailey, MD
• Office – Crestview Hills
• Areas of expertise – spine surgery, including spinal fusion, decompression, and discectomy; treatment of low back pain, neck pain, disc herniation, spinal stenosis

Tann Nichols, MD
• Office – Crestview Hills
• Areas of expertise – minimally invasive spine surgery, including discectomy, decompression, spinal fusion; spinal cord stimulation, intrathecal pain pumps, kyphoplasty; brain tumors; carpal tunnel syndrome and ulnar nerve neuropathy

Bradbury A. Skidmore, MD
• Office – Crestview Hills
• Areas of expertise – minimally invasive spine surgery, including discectomy, decompression, and spinal fusion; spinal cord tumors, brain tumors; intracerebral hemorrhage

Marc P. Orlando, MD
• Offices – Norwood, Crestview Hills
• Areas of expertise – interventional spinal treatments and therapies, such as transforaminal epidural steroid injections, facet injections, nerve blocks, radiofrequency ablation, spinal cord stimulation; treatment of low back pain, complex regional pain syndrome (CRPS), sacroiliac joint pain, herniated disc, spinal stenosis

Donald P. Carruthers, MD
• Areas of expertise – physical medicine and rehabilitation; interventional spinal procedures and therapies, such as joint injections, epidural steroid injections, facet joint injections, spinal cord stimulation; treatment of low back pain, neck pain, disc herniation, spinal stenosis

Steven Wunder, MD
• Offices – Crestview Hills, Norwood
• Areas of expertise – musculoskeletal medicine, pain management, electrodiagnostics, electromyography (EMG), and nerve conduction velocity (NCV) tests

Physical Medicine and Rehabilitation

Steven C. Bailey, MD
• Office – Crestview Hills
• Areas of expertise – spine surgery, including spinal fusion, decompression, and discectomy; surgical management of pain, including spinal cord and nerve stimulation, and intrathecal pain pumps; surgical management of facial pain and trigeminal neuralgia; image-guided neurosurgery; intracranial surgery for brain tumors and Chiari malformations

Matthew M. Merz, MD
• Areas of expertise – nonsurgical management of acute and chronic pain due to spine and joint disorders; performing trigger point injections, large joint injections, and electromyograms

Marc P. Orlando, MD
• Offices – Norwood, Crestview Hills
• Areas of expertise – interventional spinal treatments/therapies, such as transforaminal epidural steroid injections, facet injections, nerve blocks, radiofrequency ablation, spinal cord stimulation; treatment of low back pain, complex regional pain syndrome (CRPS), sacroiliac joint pain, herniated disc, spinal stenosis
